Dear Sir/Madam:

This is a petition from Applicant(s) for grant to issuance of certificate of correction to correct assignee information and in reply to the denial Notice of November 23, 2011 (hereinafter as “this Notice”) issued from the United States Patent and Trademark Office for the above-identified patent application. In this Notice, the request for issuance of certificate of correction of November 19, 2011 to correct Assignee information for the above-identified patent application is denied due to lacking of grant of a request under 37 C.F.R. 3.81(b) because such grant is required at any time after the issue fee is paid.

FACT STATEMENT

The above identified patent application was filed on October 21, 2003, and then issued as a patent on December 26, 2006. Referring to the enclosed Recordation page (Attachment 1) retrieved from Assignment on the Web for Patents (AOTW-P) system of the United States Patent and Trademark Office, an assignment related to the above identified patent application was also recorded on October 21, 2003 (Reel/Frame: 014636/0692) in the United States Patent and Trademark Office for the first time. Subsequently, a recordation to correct the second inventor name of record was submitted on October 25, 2004 (Reel/Frame: 015917/0145). On November 17, 2006, an Issue Fee Transmittal Form PTOL-85B showing incorrect Assignee Name as “E TURBOTOUCH TECHNOLOGY, INC.” and improper Assignee Address as “TAOYUAN

COUNTY, TAIWAN” was submitted for patent issuance. Afterwards, an address change of Assignee was recorded on November 8, 2011 (Reel/Frame: 027196/0618) in order to simultaneously update Assignee Address and correct Assignee Name, and the erroneous Assignee Name and Address on the issued patent for the above identified patent application were subsequently found.

POINT(S) FOR REVIEW

According to the above mentioned fact(s), Assignee Name and address were wrongly provided in the Issue Fee Transmittal Form PTOL-85B of November 17, 2006 as “E TURBOTOUCH TECHNOLOGY, INC., Taoyuan County, Taiwan” while the correct Assignee Name should be expressed as “ETURBOTOUCH TECHNOLOGY, INC., Jhongli City, Taoyuan County, Taiwan.” Such error was made due to clerical mistake of the previous practitioner, and the failure to include the correct Assignee information on the PTOL-85B was apparently inadvertent. Hence, remedy to correct Assignee information on the issued letter patent for the above identified patent application is hereby requested as below.

ACTION(S) TO BE REQUESTED

Applicant(s) hereby requests grant of a request for issuance of certificate of correction to correct Assignee information on the issued letter patent for the above identified patent, referring to the attached Recordation pages (Attachment 1) showing required Reel/Frame recordation information and the submitted request for certificate of correction of November 19, 2011.

Applicant(s) also hereby requests the attached request for certificate of correction to be forwarded to Certificates of Correction Branch for issuance of a certificate of correction if the above mentioned request is grantable. Besides, the required fee of USD \$100 for issuance of such certificate of correction has been paid on November 19, 2011.

A required petition processing fee of USD \$130 for this petition is hereby authorized to be charged to Deposit Account No. 50-4937. Any underpayment about this matter is also authorized to charge to the above indicated Deposit Account, and any overpayment is requested to credit back to the above indicated Deposit Account.

Immediate review of this petition and submitted material as enclosed and grant to issue certificate of correction from the United States Patent and Trademark Office are earnestly solicited. If any question about this matter and further discussion is considered to be necessary, the undersigned is reachable telephonically and by email via the number and email address as shown below the printed name of the undersigned.
